ENVIRONMENTAL TECTONICS CORPORATION

QUARTERLY REPORT
For the quarterly period ended May 31, 2013

Table of Contents

Item 1. Name of Issuer	Cover
Item 2. Address of Issuer's Principal Executive Office	Back cover
Item 3. Security Information.....	1
Item 4. Issuance History	1
Item 5. Financial Statements (unaudited)	2
Item 6. Description of Business Operations.....	5
Item 7. Description of Facilities.....	10
Item 8. Officers, Directors, and Control Persons	10
Item 9. Third Party Providers	10
Item 10. Management's Certification	11

Item numbers above refer to the OTC Pink Basic Disclosure Guidelines created by the OTC Markets Group. The OTC Pink Basic Disclosure Guidelines are available on the Internet at <http://www.otcmarkets.com/marketplaces/otc-pink>.

When used in this Quarterly Report, except where the context otherwise requires, the terms “we”, “us”, “our”, “ETC”, and the “Company” refer to Environmental Tectonics Corporation and its subsidiaries.

Item 3. Security Information

Trading symbol: ETCC
Title of class of securities outstanding: Common Stock
CUSIP: 294092
Par value: \$0.05
Total shares authorized: 50,000,000 as of May 31, 2013
Total shares outstanding: 9,180,161 as of May 31, 2013

Transfer Agent:

American Stock Transfer & Trust Company, LLC
6201 15th Avenue
Brooklyn, NY 11219
Toll Free: (800) 937-5449
Telephone: (718) 921-8124
Website: www.amstock.com

List any restrictions on the transfer of security: N/A
Describe any trading suspension: N/A

Item 4. Issuance History

A. The nature of each offering in last two fiscal years:

Date	Shareholder	Shares	Transaction	Value
May 31, 2011	Scott, Winston E.	2,000	Director remuneration at \$2.50 per share	\$ 5,000
May 31, 2011	Sawyer, George A.	2,600	Director remuneration at \$2.50 per share	\$ 6,500
May 31, 2011	Lenfest, H.F.	2,000	Director remuneration at \$2.50 per share	\$ 5,000
August 1, 2011	Sawyer, George A.	2,765	Director remuneration at \$2.35 per share	\$ 6,497
August 1, 2011	Lenfest, H.F.	2,127	Director remuneration at \$2.35 per share	\$ 4,998
October 25, 2011	Sawyer, George A.	2,381	Director remuneration at \$2.10 per share	\$ 5,000
October 25, 2011	Lenfest, H.F.	2,381	Director remuneration at \$2.10 per share	\$ 5,000
January 12, 2012	ETC Employees	7,932	2011 ESPP EE share	\$ 21,054
January 19, 2012	Sawyer, George A.	2,808	Director remuneration at \$1.78 per share	\$ 4,998
January 19, 2012	Lenfest, H.F.	2,808	Director remuneration at \$1.78 per share	\$ 4,998
March 16, 2012	ETC Employees	1,271	2011 ESPP match	\$ -
May 17, 2012	Sawyer, George A.	3,311	Director remuneration at \$1.51 per share	\$ 4,999
May 17, 2012	Lenfest, H.F.	3,311	Director remuneration at \$1.51 per share	\$ 4,999
August 23, 2012	Sawyer, George A.	2,857	Director remuneration at \$1.75 per share	\$ 4,999
August 23, 2012	Lenfest, H.F.	2,857	Director remuneration at \$1.75 per share	\$ 4,999

Environmental Tectonics Corporation

Notes to the Consolidated Financial Statements

(unaudited)

(Dollars in thousands, except per share information)

Item 6. Description of Business Operations

ETC was incorporated in 1969 in Pennsylvania. For over four decades, we have provided our customers with products, service, and support. Innovation, continuous technological improvement and enhancement, and product quality are core values that are critical to our success. We are a significant supplier and innovator in the following product areas: (i) software driven products and services used to create and monitor the physiological effects of flight, including high performance jet tactical flight simulation, upset recovery and spatial disorientation, and both suborbital and orbital commercial human spaceflight; collectively, Aircrew Training Systems (“ATS”); (ii) altitude (hypobaric) chambers; (iii) the Advanced Disaster Management Simulator (“ADMS”); (iv) steam and gas (ethylene oxide) sterilizers; (v) environmental testing and simulation devices; and (vi) hyperbaric (100% oxygen) chambers for one person (monoplace chambers).

We operate in two primary business segments, Aerospace Solutions (“Aerospace”) and Commercial/ Industrial Systems (“CIS”). Aerospace encompasses the design, manufacture, and sale of: (i) Aircrew Training Systems; (ii) altitude (hypobaric) chambers; (iii) hyperbaric chambers for multiple persons (multiplace chambers); and (iv) ADMS, as well as integrated logistics support for customers who purchase these products or similar products manufactured by other parties. These products and services provide customers with an offering of comprehensive solutions for improved readiness and reduced operational costs. Sales of our Aerospace products are made principally to U.S. and foreign government agencies. CIS encompasses the design, manufacture, and sale of: (i) steam and gas (ethylene oxide) sterilizers; (ii) environmental testing and simulation devices; and (iii) hyperbaric (100% oxygen) chambers for one person (monoplace chambers), as well as parts and service support for customers who purchase these products or similar products manufactured by other parties. Sales of our CIS products are made principally to the healthcare, pharmaceutical, and automotive industries.

The Company’s fiscal year is the fifty-two week or fifty-three week annual accounting period ending the last Friday in February. Fiscal 2014 will be a fifty-three week period; whereas, fiscal 2013 was a fifty-two week period. Certain amounts from prior consolidated financial statements have been reclassified to conform to the presentation in fiscal 2014.

References to 2014 first quarter are references to the fourteen week period ended May 31, 2013. References to 2013 first quarter are references to the thirteen week period ended May 25, 2012. References to fiscal 2014 or the 2014 fiscal year are references to the fifty-three week period ending February 28, 2014. References to fiscal 2013 or the 2013 fiscal year are references to the fifty-two week period ended February 22, 2013.

Note 1. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying interim consolidated financial statements include the accounts of ETC, our 95%-owned subsidiary, ETC-PZL Aerospace Industries Sp. z o.o. (“ETC-PZL”), and our 99%-owned subsidiary, Environmental Tectonics Corporation (Europe) Limited (“ETC-Europe”). The Company’s corporate headquarters and main production plant (“ETC-SH”) are located in Southampton, Pennsylvania, USA. ETC-PZL manufactures simulators for our Aerospace segment and provides software to support our domestic products. ETC-Europe functions as a sales office in the United Kingdom. All significant intercompany accounts and transactions have been eliminated in consolidation.

The accompanying consolidated financial statements have been prepared by ETC, without audit, in conformity with accounting principles generally accepted in the United States of America, consistently applied, and reflect all adjustments which, in the opinion of management, are necessary for a fair presentation of the results for the interim periods presented. All such adjustments are of a normal recurring nature.

In accordance with industry practices, costs and estimated earnings in excess of billings on uncompleted long-term contracts are classified as current even though a portion of these amounts may not be realized within one year.

Certain information in footnote disclosures normally included in financial statements prepared in conformity with accounting principles generally accepted in the United States of America has been condensed or omitted and the financial results for the periods presented may not be indicative of the full year’s results; however, the Company believes that the disclosures are adequate to make the information presented not misleading. These financial statements should be read in conjunction with the audited financial statements and the notes thereto included in the Company’s Annual Report for the 2013 fiscal year.

Environmental Tectonics Corporation
Notes to the Consolidated Financial Statements, continued

(Dollars in thousands, except per share information)

Significant Accounting Policies

There have been no material changes in the Company's significant accounting policies during fiscal 2014 as compared to what was previously disclosed in the Company's Annual Report for the 2013 fiscal year.

Note 2. Earnings per Share

The Company utilizes the two-class method for computing and presenting earnings per share. The Company currently has authorized one class of common stock (the "Common Stock") and two classes of cumulative participating preferred stock, Series D and Series E (the "Preferred Stock"). Under its terms, the Preferred Stock is entitled to participate in any cash dividends on a one-for-one basis for the equivalent converted common shares if the Preferred Stock were to be converted by the holder by the dividend record date. Therefore, the Preferred Stock is considered a participating security requiring the two-class method for the computation and presentation of net income per share – basic.

The two-class computation method for each period segregates basic earnings per common and participating share into two categories: distributed earnings per share (i.e., the Preferred Stock stated dividend) and undistributed earnings per share, which allocates earnings after subtracting the Preferred Stock dividend to the total of weighted average common shares outstanding plus equivalent converted common shares related to the Preferred Stock. Basic earnings per common and participating share excludes the effect of Common Stock equivalents, and is computed using the two-class computation method.

Diluted earnings per share reflects the potential dilution that could result if securities or other contracts to issue Common Stock were exercised or converted into Common Stock. Diluted earnings per share continues to be computed using the if-converted method. Diluted earnings per share assumes the exercise of stock options and warrants using the treasury stock method. If the effect of the conversion of any financial instruments would be anti-dilutive, it is excluded from the diluted earnings per share calculation.

At both May 31, 2013 and February 22, 2013, there was \$12,127 of cumulative convertible participating Series E Preferred Stock convertible at an exercise price of \$2.00 per share, equating to 6,063,321 shares of Common Stock, issued in July 2009.

On February 20, 2009, in connection with the issuance of a \$2,000 promissory note, the Company issued 200,000 warrants to purchase 143,885 shares of the Company's Common Stock at \$1.39 per share. Additionally, on July 2, 2009, in consideration of an increase of the guarantee on the line of credit with PNC Bank, National Association ("PNC Bank"), the Company issued 500,000 warrants to purchase 450,450 shares of the Company's Common Stock at \$1.11 per share. On January 4, 2011, the Company entered into amendments to these warrants to remove a provision in each of the warrants that provided anti-dilution protection in the event the Company issued securities at a price below the exercise price set forth in the warrants.

At May 31, 2013 and May 25, 2012, there were outstanding options to purchase the Company's Common Stock totaling 219,917 and 270,921 shares at an average price of \$4.23 and \$4.34 per share, respectively. Due to the conversion price of the Common Stock options, all 219,917 shares were excluded from the calculation of diluted earnings per share as of May 31, 2013 because the effect of their conversion would be antidilutive; likewise, all 270,921 shares were also excluded from the calculation of diluted earnings per share as of May 25, 2012.

Note 3. Long-Term Obligations and Related Equity Arrangements

There have been no material changes in the Company's long-term obligations and related equity arrangements during fiscal 2014 as compared to what was previously disclosed in the Company's Annual Report for the 2013 fiscal year. The only material changes that occurred during the 2014 first quarter, which are summarized below, were previously disclosed as subsequent events in the Company's Annual Report for the 2013 fiscal year.

On March 8, 2013, the Company made an accelerated payment on the Term Loan in the amount of \$1,181 with cash received from a partial reduction in its certificate of deposit securing the Dedicated Line of Credit in the amount of \$5,422 with PNC Bank. The certificate of deposit was able to be reduced in conjunction with the reduction of a Repayment Guarantee Bond associated with one of our international contracts for multiple Aerospace products.

On April 9, 2013, the Company entered into an amendment to the September 28, 2012 Loan Agreement pursuant to which PNC Bank is extended to ETC a \$15,000 revolving line of credit and a \$15,000 term loan. The amendment provided an enhanced investment and borrowing sweep feature that allows ETC to increase returns on idle cash balances and minimize interest expense on the Company's Line of Credit. With the sweep feature, excess cash in ETC's checking account is invested and automatically liquidated as needed to cover daily transactions. Effective as of the date of this amendment, the interest rate on the Line of Credit Note (currently 2.69%) will be based on the PNC Daily LIBOR Rate plus a margin of 2.25% to 2.75% depending on the Operating Leverage Ratio (currently 2.50%).

Environmental Tectonics Corporation
Notes to the Consolidated Financial Statements, continued
(Dollars in thousands, except per share information)

Summary of Long-Term Debt Obligations

Long-term debt obligations consist of the following:

	May 31, 2013	February 22, 2013
	(unaudited)	
Credit facility payable to bank	\$ 11,710	\$ 7,585
Term loan	11,819	14,000
Borrowed under Ex-Im Line of Credit	450	600
Borrowed under ETC-PZL Line of Credit	752	-
Total long-term debt obligations	24,731	22,185
Less: current portion of long-term debt obligations	(4,202)	(3,600)
Total long-term debt obligations, less current portion	\$ 20,529	\$ 18,585

Note 4. Income Taxes

Effective tax rates were 41.2% and 37.5% for the 2014 first quarter and the 2013 first quarter, respectively. Income tax provisions of \$28 and \$1,014 were recorded in the 2014 first quarter and the 2013 first quarter, respectively. At the end of each interim period, we make our best estimate of the effective tax rate expected to be applicable for the full fiscal year and the impact of discrete items, if any, and adjust the quarterly rate as necessary.

Generally, accounting standards require companies to provide for income taxes each quarter based on their estimate of the effective tax rate for the full year. The authoritative guidance for accounting for income taxes allows use of the discrete method when, in certain situations, the actual interim period effective tax rate may be used if it provides a better estimate of income tax expense.

As of May 31, 2013, the Company had approximately \$13,574 of federal net loss carryforwards available to offset future income tax liabilities, which begin to expire in 2025. In addition, the Company has the ability to offset deferred tax assets against deferred tax liabilities created for such items as depreciation and amortization.

Note 5. Commitments and Contingencies

Certain claims, suits, and complaints arising in the ordinary course of business have been filed or are pending against us. We believe, after consultation with legal counsel handling these specific matters, all such matters are reserved for or adequately covered by insurance or, if not so covered, are without merit or are of such kind, or involve such amounts, as would not be expected to have a significant effect on our financial position or results of operations if determined adversely against us.

Note 6. Subsequent Events

The Company has evaluated subsequent events through July 12, 2013, the date of issuance of its consolidated financial statements and determined that there were no material subsequent events requiring adjustment to, or disclosure in, the consolidated financial statements for the fourteen-week period ended May 31, 2013.

Management's Discussion and Analysis

Forward-looking Statements

Discussions of some of the matters contained in this Quarterly Report to Shareholders include forward-looking statements that may involve risks and uncertainties. Some of these discussions are contained under the caption "Management's Discussion and Analysis". We have based these forward-looking statements on our current expectations and projections about future events or future financial performance, which include implementing our business strategy, developing and introducing new technologies, obtaining, maintaining and expanding market acceptance of the technologies we offer, and competition in our markets. These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions about ETC and its subsidiaries that may cause actual results, levels of activity, performance, or achievements to be materially different from any future results, levels of activity, performance, or achievements expressed or implied by these forward-looking statements.

These forward-looking statements include statements with respect to the Company's vision, mission, strategies, goals, beliefs, plans, objectives, expectations, anticipations, estimates, intentions, financial condition, results of operations, future performance, and business of the Company, including, but not limited to, (i) projections of revenues, costs of materials, income or loss, earnings or loss per share, capital expenditures, growth prospects, dividends, capital structure, other financial items, and the effects of foreign currency fluctuations, (ii) statements of our plans and objectives of the Company or its management or the Company's Board of Directors (the "Board of Directors"), including the introduction of new products, or estimates or predictions of actions of customers, suppliers, competitors, or regulatory authorities, (iii) statements of future economic performance, (iv) statements of assumptions and other statements about the Company or its business, (v) statements made about the possible outcomes of litigation involving the Company, (vi) statements regarding the Company's ability to obtain financing to support its operations and other expenses, and (vii) statements preceded by, followed by, or, that include, terminology such as "may", "will", "should", "expect", "plan", "anticipate", "believe", "estimate", "future", "predict", "potential", "intend", or "continue", and similar expressions. These forward-looking statements involve risks and uncertainties that are subject to change based on various important factors. Some of these risks and uncertainties, in whole or in part, are beyond the Company's control.

Results of Operations

Fourteen weeks ended May 31, 2013 compared to thirteen weeks ended May 25, 2012

Due to the nature of our business, we have historically experienced significant variability in our quarterly revenue, earnings, and other operating results, and our performance may fluctuate significantly in the future.

Environmental Tectonics Corporation
Management's Discussion and Analysis, continued

Net Income Attributable to ETC

Net income attributable to ETC was \$31 thousand, or (\$0.01) diluted loss per share, in the 2014 first quarter, compared to \$1.7 million or \$0.06 diluted earnings per share, during the 2013 first quarter, representing a decrease of \$1.6 million, or 98.2%. The decrease in net income attributable to ETC reflects a decrease in income before income taxes of \$2.6 million due primarily to a \$2.7 million decrease in gross profit, resulting from a combination of both lower net sales and lower gross profit margin percentage.

Net Sales

Net sales in the 2014 first quarter were \$12.6 million, a decrease of \$3.5 million, or 21.7%, compared to 2013 first quarter net sales of \$16.1 million. The decrease reflects decreased ATS sales to the U.S. Government and decreased sterilizer sales to Domestic customers, offset in part, by increased ATS and sterilizer sales to International customers. Given the continued progress made on U.S. Government sales contracts in the Company's backlog, the Company anticipates the concentration of sales to the U.S. Government will continue to lessen in fiscal 2014.

Gross Profit

Gross profit for the 2014 first quarter was \$3.7 million compared to \$6.4 million in the 2013 first quarter, a decrease of \$2.7 million, or 42.5%. The significant decrease in gross profit was a combination of both lower net sales and lower gross profit margin percentage due to increased costs as a result of damage to one of our devices associated with a U.S. Government contract during the testing phase and inefficiencies as a result of additional work required on several other contracts.

Operating Expenses

Operating expenses, including sales and marketing, general and administrative, and research and development, for the 2014 first quarter were \$3.4 million, a decrease of \$0.1 million, or 3.5%, compared to \$3.5 million for the 2013 first quarter. The decrease is primarily the result of an on-going effort to reduce non-revenue generating expenses, offset in part, by an increase in research and development expenses.

Interest Expense, Net

Interest expense, net, for the 2014 first quarter was \$172 thousand compared to \$214 thousand in the 2013 first quarter, a decrease of \$42 thousand despite a higher level of bank borrowing due primarily to the results of the 2012 Financial Restructuring.

Cash Flows from Operating, Investing, and Financing Activities

During the 2014 first quarter, as a result of an increase in costs and estimated earnings in excess of billings on uncompleted long-term percentage of completion ("POC") contracts and a decrease in accounts payable, the Company used \$4.8 million of cash in operating activities compared to \$0.6 million of cash used in operating activities in the 2013 first quarter. Under POC revenue recognition, these accounts represent the timing differences of spending on production activities versus collecting on long-term contracts.

Cash used for investing activities primarily relates to funds used for capital expenditures in equipment and software development. The Company's investing activities used \$0.3 million in the 2014 first quarter compared to \$0.5 million in the 2013 first quarter.

The Company's financing activities provided \$3.5 million of cash in the 2014 first quarter, which primarily reflected borrowings under the Company's various lines of credit, and was offset, in part, by payments on the Term Loan. In the 2013 first quarter, net cash provided by financing activities totaled \$0.8 million, primarily for borrowings under the line of credit, offset in part, by dividends paid on Preferred Stock.

Item 7. Description of Facilities

We are an ISO 9001 certified manufacturer. We are also ISO 13485 certified for our medical devices. We operate in five major locations consisting of manufacturing facilities, product development, and administration. A summary of square footage and use is presented below:

Location	Approximate Square Footage	Function	Owned/Leased	Segment
Southampton, Pennsylvania	92,000	Manufacturing (64,000 sq. ft), NASTAR Center (22,000 sq. ft.), and Corporate Headquarters (6,000 sq. ft.)	Owned	Aerospace CIS
Southampton, Pennsylvania	15,000	Service and spare parts warehouse	Leased	CIS
Orlando, Florida	8,700	Product development and administration	Leased	Aerospace
Warsaw, Poland	28,000	Manufacturing, product development, and administration	Leased	Aerospace
Ankara, Turkey	5,700	Software development	Leased	Aerospace CIS
Total	149,400			

The Southampton owned property is encumbered by an Open-End Mortgage and Security Agreement with PNC Bank, which secures the Term Loan. We consider our machinery and plant to be in satisfactory operating condition, and adequate given our expected operations. Significant increases in the level of operations beyond what we expect in the current fiscal year might require us to obtain additional facilities and equipment.

The NASTAR Center, which is included in the Company's Southampton, Pennsylvania owned property, includes the following aerospace training and research equipment:

- ATFS-400-25 PHOENIX High Performance Human Centrifuge;
- GYROLAB GL-1500 Advanced Spatial Disorientation Trainer;
- Altitude (Hypobaric) Chamber;
- Ejection Seat Simulator; and
- Night Vision Training System and Night Vision Goggle Training System.

Item 8. Officers, Directors, and Control Persons

	Name	Title	Ownership Percentage
<i>Directors and Executive Officers:</i>	William F. Mitchell	Chairman of the Board of Directors, President, Chief Executive Officer, and Director	14.8%
	H.F. Lenfest	Director	56.1%
	George K. Anderson, M.D.	Director	*
	George A. Sawyer	Director	*
	Winston E. Scott	Director	*
	Linda J. Brent, Ed.D.	Director	*
	Roger Colley	Director	*
	Michael D. Malone	Director	*
	Thomas G. Loughlin.	Chief Operating Officer	*
	Robert L. Laurent, Jr.	Chief Financial Officer and Corporate Secretary	*
	William F. Mitchell, Jr.	Vice President, Contracts / Purchasing	*
<i>Control Persons:</i>	T. Todd Martin, III		10.9%
	Pete L. Stephens		7.1%

* less than 1%

Information is accurate as of July 12, 2013. None of the foregoing persons in the last five years has had a legal/disciplinary issue. Mr. James D. Cashel, General Counsel and Corporate Secretary, resigned effective June 14, 2013 to pursue another career opportunity. Mr. Robert L. Laurent, Jr., the Company's Chief Financial Officer, has since been appointed Corporate Secretary.

Item 9. Third Party Providers

Legal Counsel:

Stradley Ronon Stevens & Young, LLP
2005 Market Street
Philadelphia, PA 19103
(215) 564-8120

Independent Auditor:

McGladrey LLP
751 Arbor Way
Blue Bell, PA 19422
(215) 641-8600

Item 10. Management's Certification

I, Robert L. Laurent, Jr. certify that:

- 1 I have reviewed this Quarterly Report of Environmental Tectonics Corporation;
- 2 Based on my knowledge, this disclosure statement does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this disclosure statement; and
- 3 Based on my knowledge, the financial statements, and other financial information included or incorporated by reference in this disclosure statement, fairly present in all material respects the financial condition, results of operations, and cash flows of the issuer as of, and for, the periods presented in this disclosure statement.

Robert L. Laurent, Jr.
Chief Financial Officer
